

A Time to Change Together

Resourcing Sustainable Church

This church is part of a strong family of local churches. We have committed to work together to reach our communities with the Good News of Jesus Christ. We are served by a wide team of lay and ordained ministers.

We realise we can't do everything for everyone by ourselves, but as a family we can do so much more.

GROWTH

Flourishing as a family of churches which grow in number and depth.

PARTNERSHIP

Sharing with others in worship, fellowship and service.

GENEROSITY

Giving our time, talents and resources to build the Body of Christ.

We are on a **journey of change together**, seeking the flourishing of **God's church** in Greater Lincolnshire, today and for generations to come.

2021

We identified the type of church we felt called to be for our local area.

2021

Our licensed clergy and readers explored with senior colleagues the roles they felt called to play.

2022

We joined 1 of 9 Deanery Partnerships across which ministry and administration will be shared.

2022

We are exploring creative ways of working in our Local Mission Partnership. We are planning together as churches, communities, ministers and disciples.

2023

We will pray, worship and minister together in our established partnerships. We will serve God and our communities through this new way of being church together.
